## Uvodnik / Editorial

Dobro došli na jubilarni 11. Cres Sailing Week. Kada se vratimo unazad i prebrojimo sve cresačke regate načićemo tu 1 Svjetsko, 2 Europska, 1 Mediteransko, 2 Srednjeeuropska prvenstva, te 1 Prvenstvo Jadranu i 2 Prvenstvo Hrvatske. A kada pogledamo što nas čeka sljedećih dana načićemo 39 jedrilica spremnih za nova uzbudjenja i borbe za svaku sekundu kako u realnom, tako i korigiranom vremenu. Čeka nas Cres u svojoj ikonskoj ljepoti koja poput magneta privlači jedrilčare. Da li je to zbog netaknute prirode, gastronomskih užitaka, idealnih uvjeta za jedrenje ili vjerojatno najljepše marine na Jadranu uopće nije bitno. Bitno je samo da smo opet u Cresu, s jedrima punim vjetra, s najvećim suparnicima na regatnom području, a najboljim prijateljima u marinama.

Ove godine Cres Sailing Week donosi i nekoliko novosti. Prva se primjećuje već u naslovu gdje je IMS zamjenio ORC International. Već u prvoj godini primjene ORC International ispunio je očekivanja. Uz IMS samo kao sustav premjeravanja te nova, znatno pojednostavljena pravila razvrstanja i znatno unaprijeden VPP, Offshore Racing Congress (ORC) u potpunosti je opravdao svoj slogan – World Leader in Rating Technology. Zato će posebno biti zanimljivo vidjeti rezultate korigiranih vremena, dok će i dalje jedino mjerilo uspješnosti biti sposobnost kormilara i posade da izvuku maksimum iz teoretskih mogućnosti svoje jedrilice.

Odluka da se ove godine jedre samo "štap" jedrenja također je našla na pozitivne reakcije jedrilčara, a format regate je stvarno jednostavan – 9 jedrenja u 5 dana, odbacivanje najslabijeg rezultata samo ako se održi svih 9 jedrenja. I najmanje greške mogu puno koštati, ali pobednici će se prepoznati po tome što najmanje grijese.

Cres Sailing Week ne bi bio to što je bez svojih sponzora i pokrovitelja kojima se još jednom zahvaljujemo ne samo za ovu godinu, već i za svih 10 godina što su uz nas. Gradonačelnik Grada Cresa, g. Gaetano Negovetić kao pokrovitelj regate, Turistička zajednica Grada Cresa, Primorsko-goranska županija, Grad Cres i Grad Rijeka već su postali dio naše jedrilčarske obitelji baš kao što se i mi već osjećamo Cresanima.

I na kraju, svake druge godine se u Cres osim o jedrenju priča i o nogometu. Neki kažu da je nogomet najvažnija sporedna stvar na svijetu. S tim bi se i mogao složiti, ali ako je to tako, onda je jedrenje najvažnija glavna stvar na svijetu.

Želim vam dobar vjetar i ne zaboravite – There is no stress in Cres !

Zoran Grubiša  
Predsjednik Organizacijskog odbora

*Welcome to the 11th Cres Sailing Week. If we look back and count all the races held in Cres, we will find some great regattas such as 1 World, 2 European, 1 Mediterranean, 2 Central European Championships, as well as 1 Adriatic and 2 Croatian Championships. If we take a look ahead to the upcoming days we will see 39 sailing boats ready for new thrills and on-water-fights where every second counts, no matter if taken in real or corrected time. There is Cres with its natural beauty and force of attraction which no sailor can withstand. If this is because of its intact nature, gastro pleasures, and perfect sailing conditions or because of the probably nicest marina in the Adriatic Sea, it does not really matter. What matters is that we are again on the island of Cres, that our sails are filled with wind, that we look forward to race against the worst competitors and that we meet our best friends in the marina.*

*This year the Cres Sailing Week brings two novelties to you. First one is included in the event title, where IMS is replaced by ORC International. Already in its first year the ORC International system has come up to its expectations. Beside the IMS as the measurement system, the simplified classification rules and improved VPP, the Offshore Racing Congress (ORC) has completely justified its slogan - World Leader in Rating Technology. It will be very exciting to see the ultimate results in corrected time, even though the one and only criteria for success will be the helmsman and crews skills. They will both try to get the most out of the theoretical possibilities of their boat.*

*Following sailors' wishes and suggestions, this year the event will consist of only 9 windward/leeward races. The concept is very simple: 9 races in 5 days, with one discard if nine races will be sailed. Even the slightest mistake may lead to major loss, and the winner will be approved by the smallest amount of mistakes.*

*Cres Sailing Week would not be what it is today without its sponsors and patrons to whom I would like to thank for being with us for all the past 10 years. The Major of the Town of Cres, Mr Gaetano Negovetić as the patron of the Championship, the Tourist Board of the Town of Cres, the Primorsko-Goranska County, the Town of Cres and Rijeka have all become part of our sailing family, just as we day by day feel more like being part of Cres.*

*Our bulletin "Corrected Times" has also became our trademark where you will find many news or even yourself posted on the famous last page.*

*Last but not least, every second year in Cres besides sailing we also talk about football. Some say that football is the most important side-issue in the world. I could agree on that, but if this would be so, than certainly sailing is the most important issue in the world.*

*I wish you good wind and do not forget our motto – There is no stress in Cres !*

Tematske večeri „Après voile Parties“

Kao što u skijanju postoje Aprés Ski večeri, tako na moru ove godine uvodimo „Après voile Parties“, kako bi ste što duže zajedno družili i izmjenili iskustva nakon sati provedenih na moru i prepričavali kako smo iskoristili ovaj ili onaj reful, dobili protivnika, izgubili u zadnjoj krmi, kako nam je pukao spinaker ... Pozivamo Vas da nam se pridružite na našim „Après voile Parties“ direktno nakon povratka s mora u restoranu ACI Marina Cres od utorka 3. lipnja. Za muziku, piće i finger food briňu se naši sponzori, a za pravi se štumung morate pobrinuti Vi! Vidimo se na prvom „Après voile Party“ u utork 3. lipnja.

Thematic evening „Après voile Parties“

Up in the Alps you certainly experienced Aprés Ski parties. Here on the Adriatic Sea accordingly to that example we offer you „Après voile Parties“ – a place where you can exchange your on-water-experiences and stories about the shift which did not come as it was planned, about the big waves, lost races, false downwind tactic, wrong side of the course, broken spinnaker... We would like to invite you to join our „Après voile Parties“ directly after the races in the restaurant in the Cres ACI Marina, starting from Tuesday June 3rd.

# Jeste li znali? / Did you know?

U našoj rubrici „Jeste li znali...“ otkriti ćemo Vam čari otoka Cresa, njegovih gradića, prirodne baštine i mještana.

## Jeste li znali...

Da je otok Cres, na sjevernom dijelu Kvarnerskog zaljeva, najveći jadranski otok. Cres je brdovit otok dug 66 km i širok od 2 do 12 km. Obala otoka je razvedena i duga oko 248 km i obiluje mnogim uvalama i šljunkovitim plažama na svom zapadnom i južnom dijelu, dok su sjeverni i istočni dio ovjenčani strmimi i surovim stijenama. Najviši vrhovi otoka Gorice (648m) i Sis (638m) nude jedinstven pogled na cijeli Kvarnerski zaljev pri kojem nitko ne ostaje ravnuđan. Na jugu, u Osoru, povezan je pokretnim mostom s otokom Lošinjem. Na Cresu se nalazi jedno od posljednjih staništa vrlo rijetke ptice - bjeloglavog supa. Osim toga otok Cres je vrlo bogat biljnijem (oko 1300 vrsta) i životinjskim svijetom, s izuzetnim brojem endemičkih vrsta predstavlja pravi izazov za zaljubljenike u prirodu.

## Jeste li znali...

Da je stara gradska jezgra grada Cresa, glavnog grada otoka Cresa, formirana prije kraja venecijanske vladavine. Bila je okružena zidinama u obliku pravokutnika s pet kula i nekoliko gradskih vrata. Početkom prošlog stoljeća grad je još uvijek bio opasan zidinama, a izvan grada su bila samo dva samostana. U grad se ulazio s morske strane kroz glavna gradска vrata. Creska zanimljivost je svakako «mandrać» (luka u luci) koja se duboko uvlači u utrobu grada te je sastavni dio glavnog cresačkog trga.

In our column „Did you know...“ we will discover the island of Cres, all its enchantments, villages, natural beauties and its famous inhabitants.

## Did you know...

that the island of Cres, situated in the northern part of Quarner bay, is the biggest island in the Adriatic Sea. Cres is a long and narrow mountainous island, 66 km long and from 2 to 12 km wide. The coast is indented with the total length of 248 km. This means plenty of coves, bays and fine mainly pebbly beaches for you to explore on its western and southern side, while northern and eastern shore is rather steep and rocky, with some spectacular scenery, inhabited only by the biggest bird in Europe, the endangered griffon vulture, which could be often seen gliding in the clear skies. The highest peak on the island of Cres is Gorice (648m) and Sis (638) from where you can have the most beautiful view over the Quarner bay. To the south of the island, in a place called Osor, Cres is connected with a short narrow bridge to the smaller but much more populated island Lošinj. Furthermore, the island Cres has a rich plant vegetation (around 1300 species), animal life and many endemic species. All this presents a real challenge for nature enthusiasts.

## Did you know...

that the old town core of Cres, the capital of the island of Cres, was founded before the end of the Venetian Empire. The core was surrounded by rectangle city wall with five castles and some town gates. At the beginning of the last century the city was still surrounded by the city wall. Outside the city there were only the two monasteries. The entrance to the city was through the main door from the seaside. Without doubts Cres' characteristic is «mandrać» (the harbour in harbour) which extends deeply into the city downtown and is the constituent part of the main town square.

## Jedriličarski Klub "REFUL"

Reful ponosni, jer je njihovim djelovanjem oživjela pomorska tradicija koja je dugi niz godina bila zanemariva.

JK Reful je sada organizirao trideset međunarodnih regata u različitim klasama od toga dva svjetska prvenstva za policijace u klasi krstaš i dva državna prvenstva za klase Optimist i 420. Svake godine klub u listopadu organizira tradicionalni Cres Cup za klase Optimist, 420 i 470, a sa SCOR-om je suorganizator IMS regate u lipnju od njenog samog početka prije 9 godina.

## Sailing club REFUL

Sailing Club Reful was founded in 1993 and has more than 30 members, mainly children between 7 and 15 years old. During the summer holidays the club organizes sailing school for kids free of charge run by experienced sailors and coaches. The school gathers around 20 young sailors every year and the club is proud to have contributed to the revival of the maritime tradition which was neglected for years.

Up till now, Sailing Club Reful has organized 30 international regattas for various classes, among which two world championships for policemen in big boat sailing and two national championships for the Optimist and 420 classes. Every October the club organizes the traditional Cres Cup for the Optimist, 420 and 470 classes. Together with the SCOR club REFUL sailing club co-organizes the IMS regatta in June since its very beginning 9 years ago.

**SCOR**  
Sailing Club of Rijeka

## Riječki jedriličarski Klub, SCOR

Riječki jedriličarski klub – Sailing Club of Rijeka osnovala je grupa mladih ljudi s velikim jedriličarskim iskustvom i jedinom željom da u svojem gradu i regiji pokrenu aktivnije bavljenje jedrenjem dajući tom sportu značaj kakav mu u jednoj pomorskoj regiji zasigurno pripada. Klub nježuje isključivo vrhunsko sportsko jedrenje i bavi se organizacijom sudjelovanja članova na regatama u Hrvatskoj i inozemstvu. SCOR je u zadnjih 12 godina organizirao 47 regata od kojih 3 svjetska, 3 europska, 6 državnih prvenstva, 22 međunarodnih i 13 nacionalnih regata. Međunarodni jedriličarski savez je povjerio organizaciju IMS Evropskog prvenstva, što je za SCOR i za razvoj domaćeg jedrenja bilo od velike važnosti.

## Sailing club of Rijeka, SCOR

The Sailing Club of Rijeka, SCOR, was founded by a group of young people with great sailing experience and a simple wish to make sailing more popular in their city and region, and giving it the importance it deserves in a maritime country like Croatia. The club is mostly passionate about the top competitive sailing. Its members compete on regattas in Croatia and abroad. In the last 12 years SCOR has organized 47 regattas, out of which 3 Worlds, 1 European, 6 National, 22 International and 9 National Championships. The decision of the International Sailing Federation to entrust the organisation of the IMS Championship to SCOR was very important for the club and for the development of local sailing in Croatia.

# Sve creske regate / All Cres regattas

Kada se na startu Starclima IMS Otvorenog prvenstva Hrvatske od 15-18.07.1999. u Cresu našlo 21 jedrilica malo je ljudi vjerovalo da su tada počeli pisati povijest IMS regata u Cresu. A kada je već iduće godine na Starclima IMS Cres Cupu u rezultatima IMS kategorije bilo 6 jedrilica, a u ORC Club kategoriji samo 2 jedrilice, zasigurno je i veći broj ljudi pomislio da možda i neće više biti takvih regata u Cresu. Ali tako nisu misili organizatori iz Riječkog jedriličarskog kluba i Jedriličarskog kluba „Reful“, Cres.

Malo je poznato da je upravo nakon te regate 2000. godine postavljen cilj organizacije IMS Europskog prvenstva u Cresu. Ali prije toga trebalo je dokazati da je upravo Cres idealno mjesto za održavanje IMS regate što zapravo i nije bilo tako teško. Jedna od najljepših marina na Jadranu sa svim odgovarajućim sadržajima, grad bogate povijesti, kulturne baštine, gastronomskih užitaka uz poznato domaćinstvo svojih stanovnika te čisto i ekološko okruženje otoka Cresa već idućih godina počeli su privlačiti jedriličare iz cijele Europe.

Prvo IMS Prvenstvo Hrvatske održano je upravo u Cresu 2001. i okupilo je 15 jedrilica a već 2002. na Starclima IMS Prvenstvu Jadrana sudjeluju jedrilice iz Austrije, Češke, Italije, Slovenije i Hrvatske. I tada dolazi VIP IMS Europsko prvenstvo 2003. i broj od 91 jedrilice koji je nadmašio sva očekivanja i postavio rekord po broju sudionika na IMS Europskom prvenstvu. Nakon toga postalo je jasno da je Cres postao nezaobilazno mjesto na jedriličarskoj karti Europe. Sljedeća 2004. godina ostat će zapamćena po čak dvije velike regate: VIP IMS Mediteranskom prvenstvu u tradicionalnom terminu lipnja i VIP IMS 600 Svjetskom prvenstvu u rujnu. IMS Srednjeeuropsko prvenstvo 2005. ujedno je bilo i IMS Prvenstvo Austrije, Češke i Hrvatske, a još jedno IMS Srednjeeuropsko prvenstvo održano je 2006., dok smo 2007. ponovo ugostili IMS Europsko prvenstvo, kao i prvu službenu regatu klase GP 42.
